Other plans and related information:

- Complete unified communications experience:** With Office 365 Enterprise E4, you can enhance or replace your PBX phone system with the enterprise calling capabilities of Lync Server 2013.

- **Individual services:** get business-class email with Exchange Online or online storage, file sync and sharing with OneDrive for Business. Kiosk plans are also available for deskless workers.
- **Office options:** if your organization is just looking for Office and no IT services, there are two options for businesses that need more applications for a larger employee base.
- Plans that do not include the desktop version of Office work with the latest version of Office, Office 2010, Office 2007 (with slightly limited functionality), Office 2011 for Mac, and Office 2008 for Mac.

All of the Office 365 plans include:

Guaranteed 99.9% uptime, financially backed service level agreement

IT-level web support and 24/7 phone support for critical issues

Active Directory integration to easily manage user credentials and permissions

World-class data security
